Notore Achieves Safety Milestone Record of 15 Million Man-hours Without Lost Time Incident

Lagos, June 28, 2022 – Notore Chemical Industries Plc announces Safety Milestone Record of 15 Million Man-hours Without Lost Time Incident

Notore Chemical Industries Plc (Notore), a leading fertilizer and agro-allied company in Africa, recently recorded fifteen million (15 million) man-hours without Lost Time Injury (LTI). This achievement surpasses the previous mark, ten million (10 million) man hours without LTI achieved in March 2020. Group Managing Director/CEO, Ohis Ohiwerei, said “this milestone reflects the company’s culture of promoting health and safety across its employees, visitors, contractors, and other stakeholders.”

He acknowledged the unwavering commitment of Notore’s stakeholders who have contributed to the laudable achievement. Furthermore, the strict safety and health protocols adhered to by stakeholders aided the company in recording zero cases during Covid-19 pandemic while carrying out its daily operations without disruptions.

Speaking at the company’s 2022 Quality Health Safety and Environment (QHSE) week to mark the monumental achievement, Victor Odiba of National Environmental Standards and Regulations Enforcement Agency (NESREA) commended Notore’s consistent compliance with regulatory requirements which contributes to maintaining a safe work environment.

Chief Inspector of Factories Simon Ononyaba, from the Department of Occupational Safety and Health of Nigeria’s Federal Ministry of Labour and Employment Ministry said: “Notore has one of the best operating systems and safety cultures in the country’s industrial sector.” He went on to congratulate the company on achieving another impressive safety milestone.

Notore will continue to embrace the highest standards of health and safety for all employees there by further embedding the safety-first culture in the company’s DNA. The company will also continue to improve in practices of QHSE risk management with the aim of achieving new safety milestones.

About Notore Chemical Industries Plc

Notore is a vertically integrated agro-allied and chemicals business situated in Onne (near Port Harcourt), Rivers State in South-South Nigeria and is engaged primarily in the production and sale of fertilizer products. Notore's vision is to be the number one company by market share and profitability in our chosen businesses and a significant contributor to the development of Africa and our mission is to enhance the quality of life.

The Group's current business comprises fertilizer production, supply and trading of fertilizer, and power. The Group's primary fertilizer products are granular Urea, bulk blended NPK varieties and Ammonia. The Group operates from its Onne Complex in the heart of the Niger Delta, Africa's most prolific oil and gas producing region.

The Onne Complex is located within the Notore Chemical Industries Free Zone, which provides significant tax benefits and advanced logistics solutions for international distribution of products. The Onne Complex comprises of approximately 560 hectares of land owned by the Group with a 2km of waterfront including the Notore Port and a dedicated jetty (with a capacity to accommodate vessels with a maximum volume of between 25,000 MT and 35,000 MT) owned by the Group. The Notore Port gives the Group easy access to the Atlantic Ocean for easy import of raw materials and export of the Group's products.

The Group produces Urea, NPK and Ammonia and owns a Urea producing plant in Onne, Rivers State with a current annual design production capacity of approximately 500,000 MTPA of Urea and 330,000 MTPA of Ammonia, while the NPK Blending Plant has a production capacity of 2,000 metric tons per day. The Group currently supplies and sells its fertilizer products in all thirty-six (36) States and Abuja, the Federal Capital Territory. The Group trades and exports its manufactured fertilizer products to West Africa, South Africa, South America, and Europe.
